SUMMARY

A highly motivated individual with a solid foundation in both back-end and front-end technologies. Passionate in discovering fresh opportunities to learn. A passionate software developer with a desire to solve challenging problems. Ready to take on the world of technology and make a difference.

WORK EXPERIENCE

Earth International | Colombo Road, Gampaha

2022 - 2023

Demonstrator

- Tasked with assisting lecturers during lab sessions, which included coding sessions and content development.
- And also tasked to teach students programming and database systems.

PROJECTS

Threeposha and Vaccine Request and Distribution Management System

My final year project, which I recently completed, involved designing and implementing a comprehensive software solution to improve the Threeposha and vaccination distribution and request management processes. Integrated best practices in both front-end and back-end development, ensuring the software's scalability and performance in a fast-paced environment.

- **Stack:** SpringBoot, Angular, Tailwind, Google Charts
- **Source:** <https://github.com/shan-ganegoda/TVRD-Management-System>
